Generation Texas Week November 26-30

The purpose of Generation Texas Week is to provide both information and encouragement to all students regarding post secondary education. Instilling a college-going culture doesn't start in high school or even in middle school. The time to instill the belief that ALL students can be college material is in childhood.

College readiness isn't about every student attending college. It is the commitment that every student deserves the opportunity to make that choice. This week we will have guest speakers and many discussions about what careers we are interested in and how to obtain them.
